Address:Narsipatnam cheedigummala Golugonda mandal

Location: Visakhapatnam, Andhra Pradesh

CAREER OBJECTIVE:

Motivated and detail-oriented Electronics and Communication Engineering student with hands-on experience in Embedded Systems and IoT. Seeking an entry-level opportunity to apply technical knowledge and problem-solving skills.

EDUCATION:

- B.Tech – Electronics and Communication Engineering | Dadi Institute of Engineering and Technology (Autonomous) – CGPA: 8.12
- Diploma – Electronics and Communication Engineering | Avanthi Institute of Engineering and Technology – 88%
- SSC – ZP High School | Cheedigummala – 84%

TECHNICAL SKILLS:

- Programming Languages:
- Java (Basics), SQL
- Core Engineering: Embedded Systems, IoT (Internet of Things)
- Electronics & Hardware:
- Digital Electronics, Communication Systems
- Networking: Basic Networking

INTERNSHIP EXPERIENCE:

- Embedded Systems and IoT Intern CEMS (6 Months) Worked with sensors, microcontrollers, and hardware interfacing.
- Handled automation systems, testing, and troubleshooting

PROJECT:

Automatic Railway Gate Control System Using Embedded Systems Designed an automated railway gate control system using embedded processors.

Implemented automation to improve railway crossing safety and efficiency.

Reduced manual intervention and potential human errors through sensor integration.

CERTIFICATIONS:

- NPTEL – CMOS Digital VLSI Design
- FPGA Certification
- PCP Workshop Certification

STRENGTHS:

- Quick Learner: Ability to grasp new technologies and concepts rapidly.
- Team Collaboration: Proven capability to work effectively within diverse teams.
- Adaptability: Flexible and ready to handle dynamic and changing environments.
